

Inventions (well a few of them anyway!)

The Tri-dops

The worlds first: Multi 3 screen, stereo +1, wearable camera obscura!
Coming to a festival near you

The I-Scura

View the world as it should be seen. Upside down!

As well as a way of viewing natural wonder,
it can also act as a handy inconspicuous disguise for anyone on the run from the CIA.

Shambala Obscura fun:

Google Project Glass Should I sue?

As you can see the likeness is uncanny!
